# WHO WE ARE

## About Micromega

With over 25 years of industry experience, Micromega Technologies is a trusted IT consulting and solutions company headquartered in Bengaluru, India.

We deliver customized, innovative, and scalable technology solutions to clients across India and globally — helping businesses thrive in a fast-evolving digital landscape.

Our client-focused approach ensures every solution is aligned with your specific business goals, driving efficiency, performance, and long-term success.

### 25+

**Years of Experience**

Since inception in IT industry

### Global

**Onshore & Offshore**

India & worldwide delivery

### 5+

**Industry Verticals**

Finance, Healthcare, Retail & more

# THE OPPORTUNITY

## Businesses face growing complexity in digital transformation

01

### Fragmented IT Landscape

Multiple legacy systems that don't communicate, slowing growth and increasing costs.

02

### Digital Transformation Gap

Companies struggle to adopt AI, IoT, and cloud without the right partner.

03

### Talent & Cost Constraints

Building an in-house team is expensive — onshore/offshore models offer flexibility.

04

### Need for Industry Solutions

Generic software fails niche verticals: retail POS, smart homes, wet stock, STP/WTP.

# OUR SOLUTIONS

## Full Stack Dev

End-to-end web & enterprise applications

## Mobile Apps

High-performance iOS & Android solutions

## AI & ML

AI Interview, SAP Bot, intelligent automation

## SAP Solutions

SAP HANA implementation & support

## Smart Homes

Connected home automation ecosystems

## Energy Monitoring

Real-time energy insights & optimization

## Dashboards & POS

Custom BI dashboards & retail POS systems

## IoT Automation

Industrial IoT & process automation

## On/Offshore

Flexible global delivery models

# AI-POWERED INNOVATIONS

## AI Video Interviewer

- Streamlines hiring with AI-driven interviews
- Customizable question sets for any role
- Reduces time-to-hire significantly
- Consistent evaluation across candidates

## AI Bot — SAP AR

- Built on SAP Build Process Automation
- Voice-enabled SAP Joule integration
- Natural language to SAP actions
- Transforms AR management workflows

## Why AI is Central to Our Strategy

- AI reduces operational costs by 20–40%
- Faster, data-driven decision making
- Competitive edge through automation
- Scalable intelligence across industries

# INDUSTRIES WE SERVE

## Finance & Banking

- Core banking modernization
- Compliance automation
- AI-driven analytics

## Healthcare

- Patient data management
- IoT medical monitoring
- Digital health platforms

## Retail

- Smart POS systems
- Inventory intelligence
- Customer insights

## Manufacturing

- Industrial IoT automation
- Wet stock management
- Process optimization

## Telecom

- Network management
- Customer portals
- AI-powered support

## Real Estate

- Building automation (BAS)
- Smart home solutions
- Energy monitoring

# DELIVERY MODEL

## Onshore

- Direct client collaboration
- Regulatory & compliance aligned
- Real-time communication
- Ideal for complex, strategic projects

## Offshore

- Cost-effective development
- 24/7 follow-the-sun delivery
- Access to specialized talent
- Scalable team augmentation

## Hybrid

- Best of both worlds
- Onshore oversight, offshore execution
- Flexible engagement models
- Vendor management & outsourcing

*We collect client requirements and match them with the right vendors and talent for seamless, end-to-end delivery.*

# WHY MICROMEGA?

## 25+ Years of Expertise

Deep industry knowledge across IT consulting, development, and solutions delivery.

## Global Reach

Serving clients in India and internationally with onshore/offshore flexibility.

## End-to-End Solutions

From strategy and development to deployment and ongoing support — all under one roof.

## Innovation-First

Constantly investing in AI, IoT, and emerging tech to keep clients ahead of the curve.

## Niche Industry Solutions

Specialized offerings for smart homes, wet stock, BAS, STP/WTP and more.

## Long-Term Partnerships

We build relationships, not just projects — measurable results and sustained success.

# LET'S BUILD THE FUTURE TOGETHER

*Partner with Micromega to unlock new business opportunities and transform your operations with cutting-edge IT solutions.*
